GIVING MARIN

A Community Partnership to Strengthen Nonprofits • Visit givingmarin.com

MASKS SEWN: Whistlestop volunteers have created and delivered more than 6,400 masks during the COVID-19 pandemic, but many more masks are needed. The volunteer team is continuing to make masks for staff and drivers, as Whistlestop creates new programs and continues to provide vital services. Whistlestop is also delivering masks through its meal and grocery delivery programs and to those in need in the community.

Mask makers, fabric sought

FABRIC DONATIONS NEEDED: In order to meet the high demand for more masks, the Whistlestop volunteer mask-making team needs more 100% cotton fabric and is asking the community for fabric donations. Whistlestop is also accepting ready-made mask donations, and providing kits for those interested in becoming volunteer mask sewers. If you're interested in donating fabric or masks, or if you would like to become a volunteer sewer, please contact Laurie Vermont at lvermont@whistlestop.org. Volunteer sewers pictured (above, left) are Tracy Bell Redig and (above, right) daughter-mother volunteers Pierina dell'Avo and Michelle Ruttimann.
