## GRIEVANCE POLICY

Vivalon aims to resolve problems and grievances promptly and as close to the source as possible with graduated steps for further discussions and resolution at higher levels of authority as necessary.

### Statement of General Principles

- Complaints must be fully described by the person with the grievance.
- The person(s) should be given the full details of the allegation(s) against them.
- The person(s) against whom the grievance/complaint is made should have the opportunity and be given a reasonable time to put their side of the story before resolution is attempted.
- Proceedings should be conducted honestly, fairly and without bias.
- The complainant's privacy will be protected and shared only with the directly involved parties as needed for resolution

## PROCEDURES

The following is a four-level process:

1. The employee/volunteer attempts to resolve the complaint as close to the source as possible within five working days.

This level is informal and accomplished with verbal statements.

### If the matter is not resolved:

2. The employee/volunteer/client notifies the Healthy Aging Manager (in writing or otherwise) as to the substance of the grievance and states the remedy sought.

In the case of a homebound client submitting a grievance, the Manager will provide a means for the client to be in contact.

This level will usually be informal, but either party may request written statements. The response time for this level is five working days.

### If the matter is not resolved:

3. The Manager must refer the matter to the Director, Healthy Aging (or COO or CEO if applicable). A grievance taken to this level must be in writing from the employee/volunteer or client.

The Manager will forward to the Director of Healthy Aging for any additional information.

The Director of Healthy Aging will provide a written response to the employee/volunteer/clients within five working days.

### If the matter is not resolved:

4. Director of Healthy Aging will give the complainant a copy of the AAA grievance procedure. All written documentation related to the concern, as well as relevant contact information for the person making the complaint, will be forwarded to the Senior Program Coordinator by the Director of Healthy Aging.

## CODE OF CONDUCT

This policy is intended to make visitors (members, volunteers, and guests) at the Vivalon's Healthy Aging Campus and Vivalon Café feel welcome and to provide reasonable rules of behavior for the benefit of all.

I acknowledge that I have received and read a copy of the Vivalon Code of Conduct and that I understand it. I further acknowledge that I am responsible for understanding and

complying with the policy described in the Code of Conduct during my visits to the Healthy Aging Campus and during participation in any Vivalon activities and events.

Vivalon's Healthy Aging Campus and Vivalon Café are friendly and inviting places for older adults to gather and participate in classes, activities and services.

Behavior which inhibits visitors from using and enjoying the Healthy Aging Campus or Vivalon Café is inappropriate and will not be tolerated.

All visitors to the Healthy Aging Campus are invited to participate. Those unable to utilize the programs at Vivalon due to mental or physical capacity issues must be accompanied by caregivers or family members. Inappropriate behavior includes, but is not limited to, the following:

- Using alcohol or drugs, or being publicly intoxicated
- Stealing, damaging, or defacing Vivalon property
- Shouting, loud or offensive language
- Creating a disruption
- Threatening or intimidating others through behavior or language
- Physically harming, or threatening physical harm, to self or others
- Failing to self-manage incontinence and/or hygiene issues
- Sleeping onsite
- Using the facilities for bathing
- Soliciting for personal or improper purpose
- Participating in a crime, misdemeanor or violation of the San Rafael Municipal Code
- Verbally or nonverbally disrespecting members, volunteers or staff including unwanted or inappropriate personal communications or attention
- Theft and deliberate or careless damage or destruction of any Vivalon property, or the property of any visitor, volunteer or employee
- Unauthorized or inappropriate use of Vivalon equipment, time, materials, or facilities

## PET POLICY

Except for service animals and as required by law, no pets are allowed on the second floor of the Healthy Aging Campus.

Service animals, as defined by Federal ADA Requirements, are allowed on the second floor. Service animals are defined as dogs that are individually trained to do work or perform tasks for people with disabilities. Under the ADA, state and local governments, businesses, and nonprofit organizations that serve the public generally must allow service animals to accompany people with disabilities in all areas of the facility where the public is allowed to go. Emotional support, therapy, comfort or companion animals are not considered service animals under the ADA. These terms are used to describe animals that provide comfort just by being with a person. Because they have not been trained to perform a specific job or task, they do not qualify as service animals under the ADA.

Vivalon retains the authority to deny entry if the service dog disrupts members, guests, staff or operations.
